

JAVA LCA-2

Name: Krishna Patil

Rollno: 55

Div: CSE-1

PRN: 1262240425

Code:

```
1 function convert(input) {  
2     const number = parseInt(input, 10);  
3     if (isNaN(number)) {  
4         console.log(`Error: "${input}" is not a valid number.`);  
5     } else {  
6         console.log("Converted number: " + number);  
7     }  
8 }  
9  
10 convert("123");    // valid  
11 convert("abc");    // invalid  
12 convert("45.6");    // parses as 45
```

Output :

```
Converted number: 123  
ERROR!  
Error: "abc" is not a valid number.  
Converted number: 45  
  
=== Code Execution Successful ===
```
